# The **Decision** to **Worship**

## **John 4:1-24**

Jesus talks with a woman in the middle of her daily life.

Worship comes up in their discussion:

1. She asks about where is the right place to worship.
2. Jesus explains that worship is not to be about the location of worship, but about worshipping “in spirit and in truth,” or from the heart.

The people in Bible times associated worship with specific places.

Do you associate your worship with a location? Church?

Does your daily life reflect worship?
